Learning Interventions and Training: Providing Support during Health Emergencies Jamie Sewan

Johnston, Bruce Struminger, Qiang Zhang, Jane Noyes, Matthew Strehlow, Heini Utunen, 2025-05-15 Learning interventions and training methods are pivotal in preparing healthcare workers and the public to effectively respond to health emergencies. A knowledgeable and responsive workforce is essential to save lives, reduce suffering, and minimize socio-economic losses. The following public health emergency learning themes in the context of public health crises (i.e. pandemics, outbreaks, disasters, conflicts, etc.) could be considered for this research topic: Addressing learning needs in health emergencies (i.e. training approaches and methods to increase community resilience); Continued education (just in time learning for the professionals in health response); Online learning (hybrid learning in person and other methodological choices for learning in emergencies); Health information dissemination for purposes of learning in health emergencies; Current successes and barriers in learning in health emergencies; Practices for continued education; New horizons in learning in health emergencies; Research gaps in learning in health emergencies; Conceptual framework, themes, and review over time about learning in health emergencies. This could be ideally various article types including Original Research, Commentary, Review, Perspective, Brief Research Reports, and Conceptual Analyses. Articles covering the professional development of healthcare workers will be out of the scope of this collection. Topic Editor Prof Bruce Struminger received financial support via a grant from Pfizer. The other Topic Editors declare no competing interests with regard to the Research Topic subject. [Congressional Record](#) United States. Congress, 1991. The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States 1789-1824*, the *Register of Debates in Congress 1824-1837*, and the *Congressional Globe 1833-1873*. **Corporate Governance Boards of Directors of State-Owned Enterprises: An Overview of National Practices** OECD, 2013-05-30. This book sheds light on good practices concerning boards of directors of state-owned enterprises. It draws on national practices from over 30 economies. [Revitalising the Chamber](#) Great Britain: Parliament: House of Commons: Select Committee on Modernisation of the House of Commons, 2007-06-20. This report makes recommendations to improve the process by which Members learn and develop their careers. If implemented, the recommendations would mean extending the period between a General Election and the date of first sitting to allow for a longer period of induction, allocating part of most question times to topical questions, extra debates on topical matters on a weekly basis, shorter debates on most general issues, and some legislation a weekly half-hour slot for debating. Select Committee Reports more comprehensible, motions shorter, speeches greater flexibility on time limits, and the reintroduction on a trial basis of Private Members' Motions in Westminster Hall. **Association**
