Lair De Lerrance:

, **1922** Jean-Michel Rabaté, 2015-03-09 1922 Literature Culture Politics examines key aspects of culture and history in 1922 a year made famous by the publication of several modernist masterpieces such as T S Eliot s The Waste Land and James Joyce s Ulysses Individual chapters written by leading scholars offer new contexts for the year s significant works of art philosophy politics and literature 1922 also analyzes both the political and intellectual forces that shaped the cultural interactions of that privileged moment Although this volume takes post WWI Europe as its chief focus American artists and authors also receive thoughtful consideration In its multiplicity of views 1922 challenges misconceptions about the Lost Generation of cultural pilgrims who flocked to Paris and Berlin in the 1920s thus stressing the wider influence of that momentous year *Unacknowledged Legislators* Roger Pearson, 2016-04-21 What is the public value of poetry How do poets envisage their own role and function within society How do we Do poets seek to shape public opinion and behaviour Should they Or do they offer alternatives perhaps sacred alternatives to political and religious ideologies Are they what Shelley in 1821 called the unacknowledged legislators of the World And what might that mean During the decades immediately preceding the Revolution of 1789 the status of contemporary poetry in France was at its lowest ebb At the same time the perceived power of the writer to influence public events reached a high water mark with Voltaire s triumphant return to Paris in 1778 In the course of the next century French poetry enjoyed an extraordinary renaissance and flowering perhaps its greatest But what of the poet s public influence In 1881 the people of Paris processed for six hours past the home of Victor Hugo on the occasion of his 79th birthday and in 1885 an estimated two million people witnessed his state funeral But who or what were they acknowledging Poetry or republicanism Or perhaps their own power For with each Revolution that passed 1789 1830 1848 French poets themselves felt increasingly marginalised This study addresses the first part of this story and focuses on the role and function of the poet during the so called Romantic Period Beginning with an account of the literary climate in pre revolutionary France it then maps the changes in that climate wrought by the events of the 1789 Revolution It describes the new politico literary agendas set by Chateaubriand and others on the monarchist Right and by Sta l and others on the liberal Left Against this background it then analyses in detail the poetic output and public exploits of the three major French poets of the period Lamartine Hugo and Vigny The Romantic figure of the poet as prophet and magus is habitually dismissed as a cliché But by focusing on the role of the poet as lawgiver this book reveals the rich and complex terms in which the public function of poetry was debated in post revolutionary France and how amidst the centenary celebrations of 1889 as Romanticism gave way to Symbolism the poet as lawgiver continued to play a central part in that debate Art as experience of the living body / L'art comme experience du corps vivant Christine Vial Kayser, 2024-01-23 This book analyses the dynamic relationship between art and subjective consciousness following a phenomenological pragmatist and enactive approach It brings out a new approach to the role of the body in art not as a speculative object or symbolic material but as

the living source of the imaginary It contains theoretical contributions and case studies taken from various artistic practices visual art theatre literature and music Western and Eastern the latter concerning China India and Japan These contributions allow us to nourish the debate on embodied cognition and aesthetics using theory philosophy art history neuroscience and the authors personal experience as artists or spectators According to the Husserlian method of reduction and pragmatist introspection they postulate that listening to bodily sensations cramps heartbeats impulsive movements eye orientation can unravel the thread of subconscious experience both active and affective that emerge in the encounter between a subject and an artwork an encounter which following John Dewey we deem to be a case study for life in general Ce livre analyse la relation dynamique entre l'art et la conscience subjective selon une approche phénoménologique pragmatiste et enactive Il vise faire merger une nouvelle approche du rôle du corps dans l'art non pas comme objet symbolique ou matriciel symbolique mais comme source vivante de l'imaginaire Les contributions théoriques et les études de cas sont prises diverses pratiques artistiques arts visuels théâtre littérature et musique occidentales et orientales ces dernières concernant la Chine l'Inde et le Japon Selon la méthode husserlienne de réduction en choix introspection pragmatiste les textes témoignent que l'écoute des sensations corporelles crampes battements de cœur mouvements pulsionnels orientation des yeux mises en jeu par l'œuvre permet de dénouer le fil de l'expérience inconsciente la fois kinesthésique et affective qui merge dans la rencontre entre un sujet et une œuvre d'art une rencontre comprise la manière de Dewey comme un cas d'école de la vie en général **Wagadu**

Volume 7: Today's Global Flâneuse Kathryn Kramer, 2011-02-21 Today's Global Flâneuse offers a fresh analysis of the flâneuse on the 21st century global stage drawn from the perspectives of art history mobility studies sociology and urban geography The essays and artwork in this volume offer histories of Eurocentric 19th century flânerie that still resonate in 21st century transnational terms This special issue also reveals the decisive impact of the flâneuses practices beyond the strictly urban extending into rural environs via the mega and ex-urban thus contributing to the continuing debate regarding the ever narrowing urban rural divide **L'écrivain Caribéen, Guerrier de L'imaginaire** Kathleen Gyssels, Bénédicte Ledent, 2008
