*Sophie's World* Jostein Gaarder, 2007-03-20 A page turning novel that is also an exploration of the great philosophical concepts of Western thought Jostein Gaarder's *Sophie's World* has fired the imagination of readers all over the world with more than twenty million copies in print One day fourteen year old Sophie Amundsen comes home from school to find in her mailbox two notes with one question on each Who are you and Where does the world come from From that irresistible beginning Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village Through those letters she enrolls in a kind of correspondence course covering Socrates to Sartre with a mysterious philosopher while receiving letters addressed to another girl Who is Hilde And why does her mail keep turning up To unravel this riddle Sophie must use the philosophy she is learning but the truth turns out to be far more complicated than she could have imagined
