The Style of Pope St. Leo the Great William J.

Halliwell,1984 **Letters [of] St. Leo the Great** LEO I (the Great),1963 *The Church in the Latin Fathers* James K. Lee,2020-02-06 What is the church What does it mean to be a member of the church This book examines how the earliest Christian theologians in the Latin West understood the nature ends and boundaries of the church By analyzing the thought and practices of figures such as Tertullian of Carthage Cyprian of Carthage Augustine of Hippo and Pope Leo the Great James K Lee shows how early Latin theologians forged distinctive views of the church as one holy catholic and apostolic Lee argues that according to the Latin fathers the church was one complex reality with visible and invisible aspects that could be distinguished but not separated God could work outside of the church s visible bounds yet all who were saved were joined to the church s invisible bond of charity The church s unity was found in charity and for the early Latin fathers there was no salvation outside of the church In addition Lee demonstrates the trajectory from an exclusivist ecclesiology to a more inclusive understanding of church membership in the development of Latin ecclesiology over the course of the first five centuries of Christianity **The Papacy and the Orthodox** A. Edward Sicienski,2017-01-12 The Papacy and the Orthodox examines the centuries long debate over the primacy and authority of the Bishop of Rome especially in relation to the Christian East and offers a comprehensive history of the debate and its underlying theological issues Sicienski masterfully brings together all of the biblical patristic and historical material necessary to understand this longstanding debate This book is an invaluable resource as both Catholics and Orthodox continue to reexamine the sources and history of the debate
