Name of Solution:

Informatica Developer : Standardize using LDO

Business Requirement:

This Informatica Developer mapping that uses logical data object (LDO) to standardize customer data from multiple data sources.

Solution URL:

<https://community.informatica.com/solutions/2475>

Description:

A logical data object (LDO) is an object in a logical data object model that describes a logical entity in an enterprise. A logical data object mapping associated with the LDO helps you to integrate data from multiple sources and formats into a standardized view.

Consider a scenario where the enterprise data model requires that customer use a standard format and you want to provide a standardized view of customer data. So you need to reformat the customer data from multiple source to conform to the data model.

This is to be accomplished by creating a Logical Data Object in Informatica developer mapping and reformat the columns to the standard format using a logical data object mapping.

Mapping is shown below.
