

Informal Tax Guide

SOL

Special Use Valuation

Special Use Valuation (SUV) is a tax election that allows a taxpayer to value certain real property for estate tax purposes based on its use as a farm, timberland, or other agricultural or recreational property. The election is available to taxpayers who own the property for a certain period of time and who have used the property for the specified purpose for a certain number of years. The election is made by filing a statement with the estate tax return, and the value of the property is determined based on the fair market value of the property as if it were used for the specified purpose.
