

## GUIDELINES: EXAMINATION PREPARATION & TECHNIQUES

### LANGUAGE EXAMS

To perform well in your language exam, it is essential that you learn, practice and use the language on a regular basis throughout the year. Regular practice is the only way to learn a language, so try learning **little and often**. It is simply not possible to cram it all in before the exam. In addition to regular attendance in language classes and thorough preparation and revision, you should try and establish some good language learning habits early on in the year.

- Use the language as often as possible, e.g. by watching the news or a film in the foreign language, reading books or magazines, emailing or chatting to a friend in the foreign language.
- Combine this with more focused learning, such as vocabulary learning, grammar revision and memorising new forms and structures.
- Maximise your time. Carry cards and lists around with you so that you can learn on the bus or while waiting for a friend.
- Get your coloured pens out! It can help learning if you mark, underline or write forms in different colours, e.g. using red for feminine and blue for masculine nouns.
- Talk about what you have learned. Explaining a difficult grammar point to a friend will make it much clearer to you as well. Or try tutoring a GCSE- or A-level student!

#### Exam preparation

- Go through your notes, handouts or textbooks and write lists of what you have covered.
  - a) Topics/themes: Write down a list of topic-related vocabulary by classifying it (ie verbs, nouns, adj.). Revise it and test yourself / work with another student for mutual testing.
  - b) Grammar points: Make sure you understand how to use a new structure by doing some exercises, referring to your lists, grammar books and dictionaries. Use the keys to check whether you got it right. If not, read through the explanations in different grammar books again or ask a friend for help. If you got most things right, this means that you understand when and how to use a new structure. Now make sure you know all the forms and structures by heart.
- Read through some old exam papers. Did you cover the same points in class? If not, what could your exam look like, based on what you did in class?
- Use old exam papers for practice! Try and work under exam conditions, i.e. find a quiet place and work for the given time without interruption. Then go through your answers in your own time, correct your mistakes and make a list of points to revise. **Old exam papers are**
