*The Drone Memos* Jameel Jaffer, 2010-01-12 A trenchant summation and analysis of the legal rationales behind the US drone policy of targeted killing of suspected terrorists including US citizens Publishers Weekly starred review In the long response to 9 11 the US government initiated a deeply controversial policy of targeted killing the extrajudicial execution of suspected terrorists and militants typically via drones A remarkable effort was made to legitimize this practice one that most human rights experts agree is illegal and that the United States has historically condemned In *The Drone Memos* civil rights lawyer Jameel Jaffer presents and assesses the legal memos and policy documents that enabled the Obama administration to put this program into action In a lucid and provocative introduction Jaffer who led the ACLU legal team that secured the release of many of the documents evaluates the drone memos in light of domestic and international law He connects the documents legal abstractions to the real world violence they allow and makes the case that we are trading core principles of democracy and human rights for the illusion of security A careful study of a secretive counterterrorism infrastructure capable of sustaining endless orderless war this book is profoundly necessary Katrina vanden Heuvel editor and publisher of *The Nation* *Publisher and Bookseller* ,1889 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series *Sessional Papers of the Dominion of Canada* Canada. at the following universities between 2017-19: Aoyama Gakuin University Tokyo, Taiwan National University Taipei and Fudan University Shanghai. Almost all of the authors have engaged in interdisciplinary research on the EU and are members of the EUSA Asia Pacific and have made public presentations on Brexit and how it relates to the EU-Asia international relations, economics and institutions. Therefore, this book presents various aspects of Brexit and its aftermath from the perspectives of the disciplines of political science, economics and international relations in its analysis of the UK, the EU, Asia and the future world order. The EUSA Presidents and executive committee members participated in the Asia Pacific Conference; postgraduate student workshops were organized and their presentations moderated, thereby guaranteeing both the quality of the contributions to this book as well as encouraging young talented scholars to write about Brexit and the EU. While many books on Brexit have been published, this book offers many new perspectives that provide suggestions for possible solutions to the problems facing the UK and the EU after Brexit.
