## Question 3:

What forces conspire to keep the workers in the bangle industry of Firozabad in poverty?

### Answer 3:

In Firozabad's bangle industry, there are many forces that keep the workers below poverty line. Businessmen are responsible for this, which attract the poor by luring them with money. And in its greed, they engage their children in this work from a very young age. Government administration is also responsible for this. If they are strict, then no person can work in such a hazardous atmosphere that too for a little money. Even after harming their health, those people are not earning much money. As we read in this chapter about a lady with Savita saying not even a single day came in her life that she slept with a full stomach. Police are also responsible for this because if they follow the law and do not allow illegal activities to run, then no one can operate the way bangle industry is growing in Firozabad.

## Talking about Text (Page No. 20)

### Question 1:

How, in your opinion, can Mukesh realise his dream?

### Answer 1:

Mukesh is a visionary person. The dream he has dreamt of can come true provided he works hard for it. He wanted to break the shackles of his old tradition of bangles making and do something new which was very important to kick off. He was a hardworking man with good willpower and determination. He didn't dream in which field he would have to make any investment by himself like a doctor or an engineer but only a mechanic. If he works part time at some shop, then he can become an expert in a few months with his perseverance.

### Question 2:

Mention the hazards of working in the glass bangles industry

### Answer 2:

Working in glass bangles industry is extremely hazardous for both children as well as for adults. The furnaces they work in have extremely high temperature and lack proper ventilation. Persistently working in low light conditions without any protective eye gear leaves them blind. Even burns and cuts are quite common. The workers are quite prone to ailments such as lung cancer. Thus, the surroundings, prevailing conditions and the type of job involved-all prove risky to the health of the workers.

### Question 3:

Why should child labour be eliminated and how?

### Answer 3:

We are strongly against child labor and support its immediate ban. If poor children don't go to school, they will not get equal rights, which they are deprived of. A child is meant to learn and not earn. They are meant to enjoy all the rights bestowed upon them and have a happy and fulfilling childhood. Child labour impacts the psychological, emotional and physical well-being of a children. It drifts them away from education and becomes an impediment in their way of enjoying a happy and meaningful childhood.
