

# FINANCIAL MANAGEMENT TERMINOLOGY

## **Adjusted Gross Income (AGI)**

An interim calculation in the computation of income tax liability. It is computed by subtracting certain allowable adjustments from gross income.

## **Administrator**

A person appointed by the court to settle an estate when there is no will.

## **After-Tax Returns**

The return from an investment after the effects of taxes have been taken into account.

## **Aggressive Growth Fund**

A mutual fund whose primary investment objective is substantial capital gains. The return and principal value of mutual funds fluctuate with changes in market conditions. Shares, when sold, may be worth more or less than their original cost. Investments seeking to achieve higher returns also involve a higher degree of risk. Mutual funds are sold by prospectus. Please consider the investment objectives, risks, charges, and expenses carefully before investing. The prospectus, which contains this and other information about the investment company, can be obtained from your financial professional. Be sure to read the prospectus carefully before deciding whether to invest.

## **Alternative Minimum Tax**

A method of calculating income tax that disallows certain deductions, credits, and exclusions. This was intended to ensure that individuals, trusts, and estates that benefit from tax preferences do not escape all federal income tax liability. People must calculate their taxes both ways and pay the greater of the two.

## **Annuity**

An insurance-based contract that provides future payments at regular intervals in exchange for current premiums. Annuity contracts are usually purchased from banks, credit unions, brokerage firms, or insurance companies. Any guarantees are contingent on the claims-paying ability of the issuing company.

## **Asset**

Anything owned that has monetary value.

## **Asset Allocation**

The process of repositioning assets in a portfolio to maximize potential return for a particular level of risk. This process is usually done using the historical performance of the asset classes within sophisticated mathematical models. Asset allocation does not guarantee against loss; it is a method used to help manage investment risk.

## **Asset Class**

A category of investments with similar characteristics.

## **Audit**

The examination of the accounting and financial documents of a firm by an objective professional. The audit is done to determine the records' accuracy, consistency, and conformity to legal and accounting principles.

## **Balanced Mutual Fund**

A mutual fund whose objective is a balance of stocks and bonds. Balanced funds tend to be less volatile than stock-only funds. The return and principal value of mutual funds fluctuate with changes in market conditions. Shares, when sold, may be worth more or less than their original cost. Mutual funds are sold by prospectus. Please consider the investment objectives, risks, charges, and expenses carefully before investing. The prospectus, which contains this and other information about the investment company, can be obtained from your financial professional. Be sure to read the prospectus carefully before deciding whether to invest.

## **Bear Market**

When the stock market appears to be declining overall, it is said to be a bear market.

## **Beneficiary**

A person named in a life insurance policy, annuity, will, trust, or other agreement to receive a financial benefit upon the death of the owner. A beneficiary can be an individual, company, organization, and so on.

## **Blue-Chip Stock**

The common stock of a company with a long history of profitability and consistent dividend payments.

## **Bond**

A bond is evidence of a debt in which the issuer promises to pay the bondholders a specified amount of interest and to repay the principal at maturity. Bonds are usually issued in multiples of \$1,000.

## **Book Value**

The net value of a company's assets, less its liabilities and the liquidation price of its preferred issues. The net asset value divided by the number of shares of common stock outstanding equals the book value per share, which may be higher or lower than the stock's market value.

## **Bull Market**

When the stock market appears to be advancing overall, it is said to be a bull market.

## **Buy-Sell Agreement**

A buy-sell agreement is an arrangement between two or more parties that obligates one party to buy the business and another party to sell the business upon the death, disability, or retirement of one of the owners.

## **Capital Gain or Loss**

The difference between the sales price and the purchase price of a capital asset. When that difference is positive, the difference is referred to as a capital gain. When the difference is negative, it is a capital loss.

## **Cash Alternatives**

Short-term investments, such as U.S. Treasury securities, certificates of deposit, and money market fund shares, that can be readily converted into cash.
