Special Use Valuation

Special Use Valuation (SUV) is a tax election that allows a taxpayer to value certain real property for estate tax purposes based on its use as a farm, timberland, or other agricultural or recreational property. This election is available to taxpayers who own property that is used for such purposes and who have a long-term investment in the property. The election is made by filing a statement with the estate tax return, and it applies to the value of the property for estate tax purposes only. The election is not available for property that is used for other purposes, such as residential or commercial purposes.
