Test Conditions

These questions must be completed under self-administered exam-like conditions. You must time the test yourself and ensure you comply with the conditions below.

- You may complete this test in CSE labs or elsewhere using your own machine.
- You may complete this test at any time before **Week 11 Thursday 21:00:00**.
- Weekly tests are designed to act like a past paper - to give you an idea of how well you are progressing in the course, and what you need to work on. Many of the questions in weekly tests are from past final exams.
- Once the first hour has finished, you must submit all questions you've worked on.
- You should then take note of how far you got, which parts you didn't understand.
- You may choose then to keep working and submit test question anytime up to Week 11 Thursday 21:00:00
- However the maximum mark for any question you submit after the first hour will be 50%.

You may access this [language documentation](#) while attempting this test:

- [C quick reference](#)
- [MIPS quick reference](#)
- manual entries, via the `man` command.
- Texinfo pages, via the `info` command.

Any violation of the test conditions will result in a mark of zero for the entire weekly test component.
