

GOALS FOR LIFE

WHAT ARE THEY?

Goals for life refer to specific, meaningful objectives that individuals set for themselves to achieve and fulfill over the course of their lifetime. These goals are intended to provide direction, motivation, and a sense of purpose, guiding individuals in their pursuit of personal growth, success, and fulfillment.

EXAMPLES

Short-Term - These can be achieved in less than 3 months and should support your longer-term goals, e.g. "exercise 30 minutes a day".

Long-Term - These are the future goals you want from your life and will take 5 to 25 years, e.g. "live healthily into my 70s."

Life Goals Term Paper
