**Project Management: The Managerial Process 6e** Erik Larson, Clifford Gray, 2014-07-16 Project Management The Managerial Process 6e *EBOOK: Operations Management: Theory and Practice: Global Edition* STEVENSON, WILL, 2019-01-11 *EBOOK Operations Management Theory and Practice Global Edition* [Ebook: Purchasing and Supply Chain Management](#) BENTON, 2014-07-16 *Ebook Purchasing and Supply Chain Management* **Project Management** Clifford F. Gray, Erik W. Larson, 2014 Do you want to be a Certified Project Manager This book combines operational and human skills into flexible proactive framework It focuses on the human element that is critical to project implementation and completion It also provides an intuitive five step approach for collecting the necessary information to plan schedule and control a project Also features examples case studies and analysis for each phase of a typical project to ensure that each project you manage meets its goals on time and on budget Provides proven guidelines for managing projects from both the operational and behavioral standpoint **EBOOK: Operations and Supply Chain Management, Global edition** F. Robert Jacobs, Richard Chase, 2013-06-16 Resourceful companies today must successfully manage the entire supply flow from the sources of the firm through the value added processes of the firm and on to the customers of the firm The fourteenth Global Edition of Operations and Supply Chain Management provides well balanced coverage of managing people and applying sophisticated technology to operations and supply chain management **ebook: Managing Operations Across the Supply Chain** Swink, 2016-09-16 *ebook Managing Operations Across the Supply Chain* *EBOOK: Operations Management in the Supply Chain: Decisions and Cases* SCHROEDER, 2013-02-16 *EBOOK Operations Management in the Supply Chain Decisions and Cases* **Strategic Portfolio Management** Katy Angliss, Pete Harpum, 2022-12-30 This book provides a powerful insight into strategic portfolio management and its central role in the delivery of organisational strategy maximisation of value creation and efficient allocation of resources and capabilities to achieve organisational strategic objectives The book makes a valuable contribution to the development of thinking on the translation of strategy into actionable work Whether you are a senior manager building a high performing strategic portfolio for your organisation or an academic searching for new perspectives on strategy execution through portfolio management you will find great significance in this book Twenty eight chapters in four sections provide multiple perspectives on the topic with in depth guidance on organisational design for strategic portfolio management and covering all process capability and leadership aspects of strategic portfolio management The book includes several detailed case studies for the effective deployment of strategic portfolios bringing together theory and practice for strategic portfolio management This book is particularly valuable for advanced undergraduate and postgraduate students of project and portfolio management strategic management and leadership who are looking to expand their knowledge within the multi project environment Highly practical and logical in its structure it also shows project management professionals how to effectively manage their business portfolios and align

this with their business strategy     Ensuring Quality in Professional Education Volume II Karen Trimmer, Tara Newman, Fernando F. Padró, 2019-01-11 This book examines quality teaching in professional education in the fields of engineering and international knowledge structures The second of a two volume series the editors and contributors structure the book around case studies which highlight the elements constituting good practice within professional education While there is no one specific route to prepare well qualified professionals this volume explores the decisions the academics responsible for delivering this education make to ensure quality curricula Ultimately the key to effective preparations rests with the value employers place on the focus emphasis and balance between the academic and practical in relation to their own expectations for skills that graduates must have The second volume in this collection will appeal to students and scholars of professional pedagogy and engineering pedagogy more specifically     Project Management Clifford F. Gray, Erik W. Larson, 2008 As the market leading textbook on the subject Project Management The Managerial Process 4e is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied It focuses on how project management is integral to the organization as a whole The 4th edition reflects the latest changes found in the practice Other texts discuss the topics covered in this text but they do not view oversight as the project manager's operating environment as does Gray Larson     *Process Analysis and Improvement: Text* Marvin S. Seppanen, 2005     **Manufacturing Planning and Control for Supply Chain Management** Thomas E. Vollmann, 2005 Vollman Berry Whybark and Jacobs Manufacturing Planning Control Systems 5e provides comprehensive real world based coverage of the concepts tools and methods used to manage and control manufacturing systems This major revision contains four entirely new chapters and four thoroughly upgraded to nearly original content ERP system coverage and the impact of them in the field is covered now in a new introductory chapter 4 as well as being integrated heavily into many other chapters from Sales and Operations Planning 3 to Advanced Scheduling Systems 16     **Business Information** Jay L. Zagorsky, 2003 Table of contents     **The Practice and Theory of Project Management** Richard Newton, 2019-11-05 Managing projects a prominent feature of working life inevitably involves change at some level Even though successful project management depends on organisational change textbooks often fail to recognise this symbiotic nature This book offers students a practical understanding of the strategic and organisational role of projects     **Operations Management Cases** William V. Gehrlein, 2005 William V Gehrlein's Operations Management Cases provides a new collection of cases suited for introductory OM students These OM cases have all been classroom tested with undergraduates and MBA's and are unique in providing plenty of teachable and tested analysis opportunities for students Gehrlein's book provides cases on all OM topics with plenty of emphasis on analytic topics such as forecasting inventory and scheduling     **Essentials of Business Statistics** Bruce L. Bowerman, Richard T. O'Connell, J. B. Orris, 2004 The First Edition of Essentials of Business Statistics delivers clear and understandable

explanations of essential business statistics concepts through the use of case studies and examples Along with the text this edition offers a wide range of supplements that bring greater clarity to the text s concepts while also giving you the flexibility of additional coursework From publisher s description Managing Services Mark M. Davis, Janelle N. Heineke, 2003 Managing Services is an alternative to the growing service management market in that it is more managerial and procedural placing less emphasis on quantitative tools and more on strategic concerns The benefit of this approach is that it views services from the perspective of the general manager rather than the operations specialist This is important especially considering most students taking this course aspire to and are preparing for managerial positions Designing and Managing the Supply Chain David Simchi-Levi, Philip Kaminsky, Edith Simchi-Levi, 2003 Introduction to Supply Chain Management Logistics Network Configuration Inventory Management and Risk Pooling The Value of Information Supply chain integration Strategic Alliances Procurement and outsourcing strategies International Issues in Supply Chain Management Coordinated Product and Supply Chain Design Customer Value and Supply Chain Management Information technology for supply chain management Decision support systems for supply chain management **Maynard's Industrial and Systems Engineering Handbook, Sixth Edition** Bopaya Bidanda, 2022-09-16 The classic industrial engineering resource fully updated for the latest advances Brought fully up to date by expert Bopaya M Bidanda this go to handbook contains exhaustive application driven coverage of Industrial Engineering IE principles practices materials and systems Featuring contributions from scores of international professionals in the field Maynard s Industrial Engineering Handbook Sixth Edition provides a holistic view of exactly what an Industrial Engineer in today s world needs to succeed All new chapters and sections cover logistics probability and statistics supply chains quality product design systems engineering and engineering management Coverage includes Productivity Engineering economics Human factors ergonomics and safety Compensation management Facility logistics Planning and scheduling Operations research Statistics and probability Supply chains and quality Product design Manufacturing models and analysis Systems engineering Engineering management The global Industrial Engineer IE application environments **Project Management: The Managerial Process with MS Project** Erik W. Larson, Clifford F. Gray, 2013-10-16 As the market leading textbook on the subject Project Management The Managerial Process is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied It focuses on how project management is integral to the organization as a whole The text not only delivers the tools and processes is essential to successful project management but also an understanding that the effectiveness of these tools and methods are shaped and determined by the prevailing culture of the organization and interpersonal dynamics of the people involved As such Larson Gray presents a holistic view that focuses on methodology as well as the human dimension and how they interact to determine the outcome of projects Connect is the only integrated learning system that empowers students by

continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective
