Fedzilla Vs The Constitution:

Fedzilla Vs. the Constitution John Krill,2015-03 In 1788 the Constitution of the United States created a federal government of limited powers Everyone agreed that any power not on the list of 18 enumerated powers was retained solely by the states or the people Yet today federal bureaucrats decide what our children should eat for lunch at school the kind of pajamas they wear the type of bulbs we screw into lamps and more Most importantly Washington decides how much of the money we earn we deserve to keep and how much it believes it can put to better use The Constitution has been turned upside down The federal government has practically all the power and the states are left with only the occasional bones thrown to them from Washington How did this happen Fedzilla vs the Constitution explains how a government given limited powers mutated into the behemoth it is today Issue by issue the book shows how it was done starting with the administration of George Washington and continuing through the Obama Administration Fedzilla vs The Constitution explains why limited government at the federal level is still needed and is what the real Constitution requires

Ted, White, and Blue Ted Nugent,2010-04-27 It s About Time America has been craving leadership and at last a gun slinging mega rock star deerslayer and patriot has stepped forward to provide it Make way for Ted Nugent Cocked locked and ready to rock the Motor City Madman the thinking man s Abraham Lincoln has unleashed the ultimate high octane political manifesto for the ages in Ted White and Blue the most important patriotic statement since the Constitution In Ted White and Blue you ll discover Why war is the answer to so many of our current problems Why if Ted were a Mexican he d start a revolution and how since he s not we can control our own borders How to put Uncle Sam on a diet a waste watchers program for government If you care about America if you want to preserve protect and defend the land of the free and the home of the brave if you re fed up with lazy whining fear mongering government gorging Obamaniacs then you need to read Ted White and Blue The Nugent Manifesto

A New Nation Kent Thompson,2026-01-03 John and Jaylynn Mogen had just retired but one phone call from Jaylynn s brother Colonel Carl Justine swept them up into the restoration movement of the red and religious states of the old United States of America They had formed the Western Southern Alliance of States This alliance of states had left the coastal states behind as they slide into socialism and communism This new country would restart the American Experiment as our original Founders had intended This new nation had let all the western Canadian Provinces join them Parts of states were joining together to form new states as they broke from socialist state capitols The borders of the WSA were still in a state of flux While this was hard enough to wade through the remnants of the deep states loosely attached to the CIA and NSA were doing everything in their power to take down this new government by attempted assassinations and misinformation John had put together a group of constitutional scholars to write the new constitution for the WSA He had convened a constitutional convention and was preparing for a national election John and those around him had just a few months to get all this done while trying to protect acting President John Mogen and his family as well as the constitutional scholars and delegates from

the new states Old foes who could help their cause were trying to become friends The power of discernment was becoming a superpower in the middle of all this All John Mogen wanted to do was get the new country launched with an airtight constitution and people faithful to God into positions of power This would give the new country the best chance at success Will John achieve his vision for the WSA as he fights the old guard and tries to get all the new states on the same page Will they follow his lead his advice or go off into stalemate land like the old United States had gone Will the sun dawn on a true constitutional republic or will internal and external forces destroy what he is trying to build Kent Thompson a history graduate from the University of Wyoming began his career in the oil industry after a summer job at a refinery grew into a lifelong profession He supervised offshore platforms off Long Beach California and collaborated with Navy SEAL TRADET on training exercises Kent and his wife Susan his high school sweetheart live in a small mountain town in Arizona They have three grown children and two grandsons Kent is a lifelong student of the U S Constitution and the Federalist Papers

Tomorrow's Weapon Vs. the Constitution James Warren Beebe,1959 **The Velvet Coup** Daniel Lazare,2001-10-17 Not only will breakdowns like the one that occurred in November 2000 grow more frequent they will grow more serious as well Jacket **The Compromise, the Constitution, and the Union** ,1850 **In Defense of the Constitution: Ending America's Occupation** Reg. B. Two Stones,2014-03-20 I want my readers to note the Preamble is the thesis statement tells the reader who this process descriptive and expository essay was written for of the US Constitution So according to the rules of English grammar any time in the constitution a pronoun like people persons them they or their for example is used English grammar rules say these pronouns are referring back to America s citizens which is what it says in the Preamble the topic of the Constitution If you understand this rule when we read Section 1 of the 14th Amendment we should understand that when the pronoun persons is used in this sentence this pronoun is referring to America s citizens and no other citizens from other countries because of the rules of the use of pronouns Here is how Section 1 of the 14th Amendment would read when the pronoun is taken out and the proper noun subject or thesis of the Constitution Americans or American is used to replace the pronouns All Americans born or naturalized in the United States and subject to jurisdiction thereof are citizens of the United States and of the state wherein they reside No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States nor shall any state deprive any American of life liberty or prosperity without due process of law nor deny to any American within its jurisdiction the equal protection of the laws Now that you are reading Section 1 of the 14th Amendment the way it would read if the pronouns are replaced by the proper noun that replaces these pronouns I hope my fellow Americans can see that this sentence in no way offers automatic US citizenship to any illegal child that is born on US soil to illegal parents that are in America without permission **The Revolutionary Labor Amendment and the Constitution** Sampson R. Tomorrow's Weapons Vs. the Constitution James Warren Beebe, 1959 **Everything You Know about the Constitution Is Wrong** Edward James Snowden, 2013-09-07

The U S Constitution is broken The Constitution no longer binds the federal government Agencies like the CIA the NSA and others ignore the Constitution The United States now invades other countries for little or no reason The President is becoming a sort of military conqueror the Congress is utterly powerless and corrupt and the Supreme Court issues one terrible decision after another How did it all happen Americans have lost the system the Founding Fathers invented Most do not realize for example that many of the liberties they take for granted have not come from the Constitution but from a little known Supreme Court legal maneuver known as incorporation The individual right to bear arms was granted only in 2010 Other rights have been granted here and there only at the discretion of the Supreme Court Everything You Know about the Constitution is Wrong tells the untold story of the United States Constitution It debunks the popular myth that the United States Constitution was written to give Americans individual rights It shows how the so called Bill of Rights was a list of restrictions on the federal government to protect the States not a list of individual rights for citizens It shows how after the Civil War politicians who were incapable of writing a new Constitution chose instead to transform the federal system into a national one through a single amendment This turned the Constitution inside out forcing words that meant one thing federal limits now to mean something else individual rights From Ron Paul and Alex Jones to Barack Obama and the U S Supreme Court the Constitution is today completely misunderstood A new constitution was needed after the Civil War and it is no less needed today Everything You Know about the Constitution is Wrong takes the reader through the Constitution the Bill of Rights the Articles of Confederation and other key texts in understanding the American system of government
