Jesse Marinoff Reyes, 2000-06-29 Young designers and students are hungry to know what their peers are doing in today's graphic design field. This book showcases many of the best designers in their 20s and 30s who are producing innovative eye-catching work with posters, book covers, and jackets, CD packaging, and other music media. Brief interviews with each artist illuminate the ideas behind their work. Next also helps jump start the creative process by presenting fresh, edgy concepts that designers can't see anywhere else, and it's a wonderful tool for older designers, enabling them to get a handle on the visual language understood by younger consumers. Selling points: No other survey book focuses on designers in their 20s and 30s. Includes an introduction by the dean of underground designers award winner Art Chantry.
