Mr. Sylvester White
Director
Education First Corps
108 Beacon Avenue
Boston, MA 02115

Dear Mr. White,

Please accept my enthusiastic application to the Education First Corps. I would love the opportunity to be a hard-working, passionate member of your urban education fellowship. As soon as I read the description of the program, I knew I was a well-qualified candidate who believed wholeheartedly in the goals of Education First.

What immediately drew me to Education First was the program's emphasis on depth over breadth. I love that Education First fellows work with six to seven students, allowing them to focus on the individual needs of each child. I have extensive tutoring experience, having tutored an incoming high school student in English, another high school student in Algebra, and a college student in Calculus. I value the one-on-one relationship I developed with each of these students, and watching each of them gain confidence and improve academically was rewarding for both the students and me. I will never forget how proud one student was when she handed me her first high school English paper, on which she received her first "A." I believe I can bring these personal experiences and successes to the role of an Education First fellow.

I also love that Education First provides college graduates the opportunity to give back to their community. In high school, I worked at a nearby YWCA women's shelter, creating activities for children in the shelter; in college, I became involved in a community-wide reading program,
