

LINKING VERBS

What are Linking Verbs?

Linking verbs, also called **copulas** or **copula verbs**, connect the subject of a sentence with an adjective, noun, or descriptive phrase. To distinguish a copula verb remember that they do not indicate action in a sentence. Rather they describe a state of being, a result, or one of the five senses. In other words, linking verbs do not have an object.

[Subject] + Linking Verb + Subject Complement

Example 1: *Harold is sleepy.*

"Harold" would be the subject, "is" would be the linking verb, and "sleepy" would be the subject complement. Notice how "is" refers to Harold's state of being, rather than an action he is performing.

Example 2: *Everything seemed normal.*

This example is very similar to the first sentence. "Everything" is the subject, "seemed" is our linking verb, and "normal" is the subject complement, describing "Everything."

Example 3: *Ice feels cold to the touch.*

"Ice" is the subject here, "feels" becomes our copula verb, and the phrase "cold to the touch" would be our subject complement. Working with linking verbs really is that painless.

Examples of Linking Verbs

Linking Verbs List

These are a few common linking verbs found in English:

- appear
- look
- seem
- indicates
- grow
- go
- stay
- remain
- smell
- taste
