**Purpose** *Overview. Briefly describe the business case. What is your project going to accomplish? Why does it matter to the organization?*

**Scope** *What will be achieved? Clearly define what is in and what is out.*

**Objectives** *Success criteria. If they are completed, the project mission will be accomplished. Follow SMART guidelines. Many projects will have more than one objective.*

**Assumptions** *Document things that must be true for the project to complete successfully. What are the "givens" or realities upon which the project is based?*

**Constraints** *Limits placed on the project or project team. Document any internal or external circumstances or events that could limit project.*

**Time/Decision Points** *List key events which usually represent a significant deliverable or other significant milestone. Start and end dates are helpful. This section is also a good place to document important information pertaining to dates. For instance, if an end date is required by a policy or regulation, that should be documented here.*

**Measurement Criteria/Quality** *Basis for quantifying quality. Use this section to communicate how the project team can insure that they will provide a product that not only meets the specifications, but also successfully addresses all quality criteria.*
