- Feature programming** — Press **PROGRAM**. The Visual User Guide will assist in your setting up through the 12 menu items, during which you can choose the appropriate option.

The programmable feature keys can be programmed as:

The red message light, located at the top of the phone, indicates those conditions. A phone that's off-hook gives red ring tone priority, continuously "beeps" when ringing (except priority) and beeps when that station has two more red rings (after priority). The indicator will light according to the priority of the condition.
